

## **SANDEEP UDDHAV GAIKWAD**

**Software Test Engineer**

**Phone: 9763824525 / 9284788322**

**Email: Sandeep6013g@gmail.com**

---

Expert in Manual testing and good in Automation Testing (Selenium WebDriver) that includes Sanity, GUI, Functional Testing, Re Testing, Regression Testing, UI Testing, Globalization Testing and API Web services testing and Browser Compatibility Testing. I have an urge and inclination for learning new technologies, a strong work ethic combined with a commitment to excellence in all projects undertaken. Worked on test management tool – JIRA. Having expertise in - Investment Banking Domain & knowledge Telecom Billing (BSS) domain.

### **DOMAIN WORKED WITH**

- a- Banking and Finance Domain(BSFI)**
- b- Telecom domain**

### **PROFESSIONAL SYNOPSIS**

- A detail oriented professional with **4.5 years** of experience in **Software testing that includes** experience in **Manual** and good understanding **Automation Testing** with expertise in **Investment Banking Domain** and **Telecom domain**.
- Strong experience in the entire **Software Development Life Cycle (SDLC)** and **Software Testing Life Cycle (STLC)** and specialized in **Validation**.
- Proficient in Manual Testing- with defect management **tool** such as **Jira**.
- Excellent skills in **Defect Reporting**.
- Extensive experience in **Functional, Regression, Re-Testing, system and Sanity Testing**.
- Excellent understanding of **Defect life cycle**.
- Participated in **Agile Test Methodology**.
- Participated in **Scrum** Meeting to discuss the **Test status report**.
- Proficient experience in **Test Case Design, Test Execution, Bug tracking and Reporting**.
- Able to design the **Traceability Matrix** to map Business Requirements with test Case.
- Conducted Test Case **review** and send the review comments to team mates.
- **Designing and executing test cases** to ensure that business requirements and functional specifications are tested and fulfilled.
- Involved in **Sanity, Smoke, Retesting, Regression, Functional and Non Functional Testing**.
- Knowledge of handling **Popups and List Box**.
- Experience in Automating Web Application Testing using **Selenium WebDriver with TestNG framework**.
- Experience in identifying web elements using **Xpath**.
- Executed test scripts on **IE, Firefox and Google chrome**.
- Experience **TestNG, Annotations and keywords**.
- Experience in **GitHub**.

- Experience in designing of **POM (Page Object Model)** classes.
- Familiar with use of **MAVEN, GitHub, Jenkins, Listeners and Log4j.**
- Strong verbal and written communication, interpersonal, decision-making, **problem solving.**
- Implemented **Agile Methodology** process in the project.
- Thoroughly involved in different types of testing's like **Sanity, GUI, Functional Testing, Re Testing, Regression Testing, UI Testing, Globalization Testing and API Web-services testing and Browser Compatibility Testing.**
- Participate in **Scrum meeting** to discuss about project progress report every day.
- Prepared **weekly status Report.**
- Handled defect log using defect management tool such as **JIRA** and prepared daily test status reports to communicate the test status with the team.
- Performed **REST Services** using **POSTMAN** tool.
- Performed cross browser testing using Automation through Selenium on Web based (Browser) application.
- Developed User Defined functions to support the automated scripts. Used the **Data driven Testing** Using Selenium Experience in Automation Testing Tools like **Selenium Web Driver.**
- Knowledge in **Core java** concepts.
- Performing **internal reviews** and estimate.
- Experience in identifying **object locators and creating Page Factory** for all the pages.

## TECHNICAL SKILLS

Operating Systems	Windows, Unix
Languages Known	JAVA, HTML , OOPS ,
Test Management Tool	JIRA
Bug Management tool	JIRA
Database	Oracle 11g
Tools	Eclipse, Selenium, Postman. GIT , pusher , swagger , E- care , browser stack , confluences
Technical Skills	JAVA, Selenium, UNIX, SQL, API
Others	MS Word, MS Excel, MS PowerPoint

## PROFESSIONAL WORK EXPERIENCE

Working with **TekSystems** as Quality Analyst (QA) from Oct 2022 to 31<sup>st</sup> Dec. 2023.

Working as a Software Test Engineer at “**TECH DEVELOPMENT IT SERVICES**”, Pune from April 2019 to Oct 2022.

## EDUCATION

- **B.sc (COMPUTER SCIENCE)** from Pune University, Maharashtra.

## PROJECTS SUMMARY

### Project: 1 HSBC-First Direct

**Client** – HSBC Software Development.

**Platform:** Web app, ANDROID, iOS

#### Project Details:

Project Description: First direct is an Online Banking app which is used in UK for the online transaction. This is the existing app which is being used by people on that app we are adding new features to make user life more easy.

First Direct is a telephone and internet based retail bank division of HSBC Bank plc based in the United Kingdom. First Direct has headquarters in Leeds, England, and has 1.45 million customers

#### Roles and Responsibilities

- Understand the feature and Recognize the scope of Automating and no automating features
- Verify the Test Environment
- Preparing the **test scenarios** and Test cases based on functional document received.
- Automate the feature according to acceptance criteria Raise PR for code and get added in develop branch.
- Writing test cases for happy path and negative path
- Include in **Sprint planning** meeting attend daily stand up, **Retrospective meeting**, Sprint closure meeting.
- Adding reports in Jira for bug findings
- Every month release worked done and maintained the report via confluence pages.
- Zeyper scripts test on every month on pre prod and production builds and passed the scripts
- Participating in Sprint Planning, Sprint Grooming (Backlog Refinement), Understanding User Stories/Requirements. Daily Stand up meetings, Interaction with client on daily basis.
- Giving Estimations of User Stories Considering Different Factors like Development Effort (Development and Unit Testing), Testing Efforts (Time required for Creating Test Cases, Test Data, Test Execution)
- Creating Test Cases in Jira Zephyr and linking those test cases to User Stories.
- Executing Test Cases.
- Documentation of finding and logging of defects in Jira.
- Retesting of fixed defects by developers.
- Supporting full Regression Testing during Monthly Releases along with feature testing.
- As a Senior QA in a Team, Mentoring New Team Members to understand Process and Application as required.

### Project: 2

**Project Name:** CRM Systems.

**Domain** : Telecom Billing (BSS)

**Client** : Inmarsat, UK

**Role** : Functional Testing, Database Testing

**Project Details:**

Inmarsat has a broad portfolio of voice and data services to satisfy your communications requirements, wherever your operations are located. Its portfolio of machine-to-machine (M2M) services provides affordable two-way data connectivity for messaging, tracking and monitoring of fixed or mobile assets – anywhere across the globe through CRM and Billing systems

**Roles and Responsibilities**

- Prepare the test case from test Scenarios.
- Understand the requirement through FRS document provided by BA.
- Test Scenario identification through Use cases.
- Involved in test case review and send review comments to colleagues.
- Prepared mapping sheet (traceability matrix) of test case.
- Execute the test case to validate customer requirements.
- Validation of Expected output vs Actual output in respective log files using UNIX.
- Log the defect using defect management tool such as Jira.
- Everyday reporting to team lead about individual work status.
- Participate in scrum meeting to discuss about project progress report every day.
- Done Requirement analysis with BA
- Design the test case and upload in Jira.
- Created the test data and execute and log the defect in Jira.
- Understand the customer requirement by analysing SRS document.
- Involved in designing the Test Case.
- Participated in the Test case review meetings.
- Performed Functionality Testing, Retesting and Regression Testing.
- Interact with developers and discussed technical problems, Bugs Tracking.
- Reporting the Regular status to the higher authorities in a timely manner.
- Involved in test Report.

**PERSONAL DETAILS**

**Name** : Sandeep Gaikwad

**Present Address** : Building no-6, flat no-7, swatantra Saini nagar, Alandi road, yerawada, pune

**Language known** : English, Hindi and Marathi.

**Date:**

**Place: Pune**
